Subject index*

A

- Abortion incidence, spontaneous, in treatment of infertility (Jansen), 451 (Current developments)
- late midtrimester, by uterine evacuation, randomized trial of one versus two days of laminaria treatment prior to: pilot study (Stubblefield, Altman, and Goldstein), 481 (Comm. in brief)
- prolonged intrauterine retention of fetal bones after, causing infertility (Dawood and Jarrett), 715 (Comm. in brief)
- repetitive, and premature delivery, transabdominal cervicoisthmus cerclage for management of (Novy), 44
- Abscess, adnexal, as delayed complication of vaginal hysterectomy (Livengood and Addison), 596 (Comm. in brief)
- Accelerations, fetal heart rate, in low-risk and diabetic pregnancies during active behavioral periods (Sorokin et al.), 224 (Comm. in brief)
- Accessory spleen, infarction of, presenting as uterine fibroid with necrosis (Boerlum), 974 (Comm. in brief)
- Acetic acid test, examination of cervix with naked eye using (Ottaviano and La Torre), 139
- Acid-elution techniques and alpha-fetoprotein levels, comparison of, for detection of fetomaternal bleeding (Chamberlain et al.), 912
- Actinomyces, genital tract, relationship of, and development of pelvic inflammatory disease (Burkman et al.), 585
- Active behavioral periods, fetal heart rate accelerations in low-risk and diabetic pregnancies during (Sorokin et al.), 224 (Comm. in brief)
- Activity periods, fetal, change in, in diabetic and nondiabetic pregnancies (Dierker et al.), 181
- Adenocarcinoma, ovarian, histologic correlates of virulence in. I. Effect of differentiation (Jacobs et al.), 574
- Adenomas, pituitary, and chronic anovulation syndrome, association between (Coulam, Annegers, and Kranz), 319
- Adhesions, postoperative pelvic, prevention of: animal study comparing barrier methods with dextran 70 (Soules et al.), 829
- Adnexal abscess as delayed complication of vaginal hysterectomy (Livengood and Addison), 596 (Comm. in brief)
- Adolescent girls, growth of birth canal in (Moerman), 528
- Adrenergic beta-receptor agonist and antagonist, effects of: regulation in vitro of placental release of human chorionic gonadotropin, placental lactogen, and prolactin (Shu-Rong et al.), 444
- Age, menopausal status, and exogenous hormones, effects of: prolactin (Notelovitz et al.), 225 (Comm. in brief)
- Agonist, adrenergic beta-receptor, and antagonist, effects of: regulation in vitro of placental release of human chorionic gonadotropin, placental lactogen, and prolactin (Shu-Rong et al.), 444
- Ambulatory surgical unit, freestanding: success or failure (Wolff and Dunnihoo), 270
- Amenorrhea, athletic, is specific to runners (Sanborn, Martin, and Wagner), 859
- galactorrhea and pituitary apoplexy-like syndrome, intrasphenoidal arachnoidocele with (Valenta and Elias), 477 (Comm. in brief)
- Amniocentesis for genetic indications, reproductive outcome following (Porreco et al.), 653
- psychological reactions to: controlled study (Fava et al.), 509
- Amniochorion, human, plasminogen binding by (Burgos et al.), 958
- Amniotic fluid bacterial inhibitory activity, absence of, and intra-amniotic infection, association between (Blanco et al.), 749
- cultures, hypermodal cells in: frequency, interpretation, and clinical significance (Simpson et al.), 250
- quantitative, correlation of, with endometritis after cesarean section (Blanco et al.), 897
- embolism presenting as acute fetal distress, documented case of (Barrows), 599 (Comm. in brief)
- inorganic phosphorus and zinc concentrations in: correlation with intra-amniotic infection and bacterial inhibitory activity (Gibbs, Blanco, and Hnilica), 163
- and maternal serum N⁷-methylhistidine analyses, failure of, to detect affected fetuses: prenatal diagnosis of Duchenne muscular dystrophy (Wassner et al.), 216

Amniotic fluid—Cont'd

- phosphatidylglycerol, neonatal respiratory distress in presence of (Anderson, Conrad, and Cordero), 233 (Comm. in brief)
- and ultrasound determinations, using, to diagnose intrauterine growth retardation before birth: clinical model (Gross et al.), 265
- Anatomic site and endocrine state, variations in mechanical behavior of rabbit cervix with (Conrad and Hoover), 661
- Anomaly, unreported congenital, of surviving infant: Fetus papyraceus (Baker and Doering), 234 (Comm. in brief)
- Anovulation and insulin-treated diabetes mellitus, clinical and hormonal characteristics in women with (Djursing et al.), 876
- syndrome, chronic, and pituitary adenomas, association between (Coulam, Annegers, and Kranz), 319
- Antagonist, adrenergic beta-receptor agonist and, effects of: regulation in vitro of placental release of human chorionic gonadotropin, placental lactogen, and prolactin (Shu-Rong et al.), 444
- Antenatal sonographic diagnosis of umbilical cord laceration (Romero et al.), 719 (Comm. in brief)
- findings of osteogenesis imperfecta (Chervenak et al.), 228 (Comm. in brief)
- ultrasound diagnosis of holoprosencephaly: case report (Blackwell et al.), 848
- Antibiotics, prophylactic, short versus long course of, in cesarean section (Elliott, Freeman, and Dorchester), 740
- Antigens, herpes simplex virus type 2, expression of, in premalignant and malignant human vulvar cells (Cabral et al.), 611
- influenza, responses of lymphocytes from human colostrum or milk, to (Ruben, Holzman, and Fireman), 518
- Aortic occlusion, repetitive, fetal heart rate and tissue pH changes associated with, in pregnant dog (Abitbol), 430
- Apnea, prolonged postoperative, complicating gynecologic surgery: atypical cholinesterase and myasthenia gravis (Maharry and Sack), 36
- Apoplexy-like syndrome, pituitary, and amenorrhea-galactorrhea, intrasphenoidal arachnoidocele with (Valenta and Elias), 477 (Comm. in brief)
- Arachnoidocele, intrasphenoidal, with amenorrhea-galactorrhea and pituitary apoplexy-like syndrome (Valenta and Elias), 477 (Comm. in brief)
- Artery vasopressin infusion, internal iliac, for postpartum hemorrhage (Sacks, Palestrant, and Cohen), 601 (Comm. in brief)
- Artificial insemination with subsequent fertility, study of relationship of motile sperm numbers in cervical mucus 48 hours after (Hanson, Overstreet, and Katz), 85
- Asphyctic fetus, measurement of visual evoked potential in, and during neonatal survival (Woods et al.), 944
- Aspiration, percutaneous lymph node, in patients with gynecologic tumors (Ewing et al.), 824
- vacuum, in midtrimester pregnancy, synthetic laminaria for cervical dilatation prior to (Brenner and Zupan), 475 (Comm. in brief)
- Assay, sperm (hamster ova) penetration, benefits of in evaluation of infertile couple (Stenchever et al.), 91
- Athletic amenorrhea, is specific to runners (Sanborn, Martin, and Wagner), 859
- Atresia, secondary vaginal: case report (Rüttgers, Leucht, and Kubli), 595 (Comm. in brief)

B

- Bacteria and mycoplasmas, isolation of, from blood of postpartum women (Lamey et al.), 104
- Bacterial inhibitory activity, amniotic fluid, absence of, and intra-amniotic infection, association between (Blanco et al.), 749
- and intra-amniotic infection, correlation with: inorganic phosphorus and zinc concentrations in amniotic fluid (Gibbs, Blanco, and Hnilica), 163
- salpingitis, acute, clinical staging of, and its therapeutic ramifications (Monif), 489 (Clinical opinion)
- Barrier methods with dextran 70, animal study comparing: prevention of postoperative pelvic adhesions (Soules et al.), 829

*May 1, 1-118; May 15, 119-238; June 1, 239-368; June 15, 369-488; July 1, 489-610; July 15, 611-732; August 1, 733-858; August 15, 859-998.

- Behavioral periods, active, fetal heart rate accelerations in low-risk and diabetic pregnancies during (Sorokin et al.), 224 (Comm. in brief)
- Benign intracranial teratoma—prenatal diagnosis influencing early delivery (Paes et al.), 600 (Comm. in brief)
- Binding, plasminogen, by human amniochorion (Burgos et al.), 958
- Biophysics of developing heart. III. Comparison of left ventricular dynamics of fetal and neonatal lamb heart (Anderson et al.), 195
- Biopsy, cone, diagnostic significance and sequelae of (Holdt et al.), 312
- Birth canal, growth of, in adolescent girls (Moerman), 528
- influence of place of, on survival. I. Very low-birth weight infant (Cordero, Backes, and Zuspan), 533
- using ultrasound and amniotic fluid determinations to diagnose intrauterine growth retardation before: clinical model (Gross et al.), 265
- Bleeding, fetomaternal, comparison of acid-elution techniques and alpha-fetoprotein levels for detection of (Chamberlain et al.), 912
- Blood background mercury levels, maternal and cord: longitudinal surveillance (Kuntz et al.), 440
- cell oxygen transport, red, changes in, in diabetic pregnancy (Madsen and Ditzel), 421
- flow, vaginal, effect of conjugated estrogens on, in surgically menopausal women (Abrams et al.), 375
- hematocrit, hemoglobin, serum protein, electrolyte levels, body weight, and urine excretion, effects of tocolytic agent fenoterol on, in nonpregnant rabbits (Grospietsch et al.), 667
- oxygenation and cardiovascular indices, fetal and maternal, in sheep, effects of phenylephrine and sodium salicylate on (Cottle, Van Petten, and van Muyden), 170
- of postpartum women, isolation of mycoplasmas and bacteria from (Lamey et al.), 104
- Bone(s), fetal cranial, structural, mechanical, and material properties of (Kriewall), 707
- prolonged intrauterine retention of, after abortion causing infertility (Dawood and Jarrett), 715 (Comm. in brief)
- Books received, 238
- Breast cancer and estrogen replacement therapy (Hulka et al.), 638
- milk, its transfer across placenta as well as into: phencyclidine (Nicholas, Lipshitz, and Schreiber), 143
- magnesium and calcium concentrations following magnesium sulfate treatment (Cruikshank, Varner, and Pitkin), 685
- Breast-feeding pattern, influence of, on pituitary-ovarian axis of women in industrialized community (Andersen and Schiøler), 673
- Breech presentation, singleton, in labor: experience in 1980 (Gimovsky and Paul), 733
- Bromocriptine treatment of women with suspected pituitary prolactin-secreting microadenomas (Archer et al.), 620
- Butalbital, neonatal withdrawal from intrauterine exposure to (Ostrea), 597 (Comm. in brief)
- BV-CAP chemotherapy, metastatic Sertoli-Leydig cell tumor of ovary during pregnancy treated by (Pride, Pollock, and Norgard), 231 (Comm. in brief)
- C
- Calcium and magnesium concentrations, breast milk, following magnesium sulfate treatment (Cruikshank, Varner, and Pitkin), 685
- Calculus, distal ureteral, cessation of premature labor following removal of (Broadus et al.), 846 (Comm. in brief)
- Cancer, breast, and estrogen replacement therapy (Hulka et al.), 638
- endometrial, survival among women with: comparison of estrogen users and nonusers (Chu, Schweid, and Weiss), 569
- CAOG, Cos, and Cnidos (Rhodes), 259
- Carbon dioxide laser, treatment of vaginal carcinoma in situ with (Townsend et al.), 565
- Carcinoma, early invasive and in situ warty, of vulva: clinical, histologic, and electron microscopic study with particular reference to viral association (Rastkar et al.), 814
- Stage IB, of cervix, primary surgical treatment in one hundred ninety-five cases of (Allen, Niskier, and Anderson), 581
- vaginal, in situ, treatment of, with carbon dioxide laser (Townsend et al.), 565
- of vulva: analysis of treatment failures (Podratz, Symmonds, and Taylor), 340
- in Israel, some epidemiologic aspects of (Menczer et al.), 893
- Cardiac rhabdomyoma, interventricular septal, in utero diagnosis of, by means of real-time—directed, M-mode echocardiography (DeVore et al.), 967 (Comm. in brief)
- Cardiovascular indices and blood oxygenation, fetal and maternal, in sheep, effects of phenylephrine and sodium salicylate on (Cottle, Van Petten, and van Muyden), 170
- Caries immunity, fluoride tablet supplementation during pregnancy for: study of offspring produced (Glenn, Glenn, and Duncan), 560
- Cell(s), hypermodal, in amniotic fluid cultures: frequency, interpretation, and clinical significance (Simpson et al.), 250
- oxygen transport, red blood, changes in, in diabetic pregnancy (Madsen and Ditzel), 421
- premalignant and malignant human vulvar, expression of herpes simplex virus type 2 antigens in (Cabral et al.), 611
- trait, sickle, massive pulmonary embolism following delivery of patient with (Van Dinh, Boor, and Garza), 722 (Comm. in brief)
- tumor, metastatic Sertoli-Leydig, of ovary during pregnancy treated by BV-CAP chemotherapy (Pride, Pollock, and Norgard), 231 (Comm. in brief)
- Central Association of Obstetricians and Gynecologists, The, transactions, forty-ninth annual meeting, 239-367
- Cerclage, transabdominal cervicoisthmic, for management of repetitive abortion and premature delivery (Novy), 44
- Cerebral ischemia associated with parenteral terbutaline use in pregnant migraine patients (Rosene, Featherstone, and Benedetti), 405
- Cervical dilatation, synthetic, laminaria for, prior to vacuum aspiration in midtrimester pregnancy (Brenner and Zuspan), 475 (Comm. in brief)
- (intra-) prostaglandin E₂-gel, evidence for local effect of (Forman et al.), 756
- intraepithelial lesions, evaluation of topically applied *trans*-retinoic acid in treatment of (Surwit et al.), 821
- mucus, motile sperm numbers in, 48 hours after artificial insemination, study of relationship of, with subsequent fertility (Hanson, Overstreet, and Katz), 85
- Cervicoisthmic cerclage, transabdominal, for management of repetitive abortion and premature delivery (Novy), 44
- Cervix duplex, vagina septa unilateralis atretica, and uterus communicans septus: previously unreported genital malformation (Toaff and Velez), 965 (Comm. in brief)
- examination of, with naked eye using acetic acid test (Ottaviano and La Torre), 139
- rabbit, variations in mechanical behavior of, with endocrine state and anatomic site (Conrad and Hoover), 661
- Stage IB carcinoma of, primary surgical treatment in one hundred ninety-five cases of (Allen, Niskier, and Anderson), 581
- Cesarean delivery in nulliparous women for failed oxytocin-augmented labor: route of delivery in subsequent pregnancy (Seitchik and Rao), 393
- section, correlation of quantitative amniotic fluid cultures with endometritis after (Blanco et al.), 897
- elective repeat, respiratory distress following (Schreiner et al.), 689
- and spontaneous labor: prevention of iatrogenic neonatal respiratory distress syndrome (Bowers, MacDonald, and Shapiro), 186
- short versus long course of prophylactic antibiotics in (Elliott, Freeman, and Dorchester), 740
- Chemotherapy, BV-CAP, metastatic Sertoli-Leydig cell tumor of ovary during pregnancy treated by (Pride, Pollock, and Norgard), 231 (Comm. in brief)
- Cholinesterase, atypical, and myasthenia gravis: prolonged postoperative apnea complicating gynecologic surgery (Maharry and Sack), 36
- Chorioamnion, human, metabolism of ³H-dopamine by, in vitro (Phillippe and Niloff), 782
- Circulatory responses, fetal, to hypoxemia, effects of naloxone on (LaGamma, Itskovitz, and Rudolph), 933
- Clinical opinion, 119-124, 489-495
- Cnidos, Cos, and CAOG (Rhodes), 259
- Coagulation, laparoscopic tubal, endosalpingiosis ("endosalpingoblastosis") following, as etiologic factor of ectopic pregnancy (McCausland), 12
- Colonization, maternal group B streptococcal, antepartum versus intrapartum selective screening for (Iams and O'Shaughnessy), 153

- Colostrum, human, or milk, responses of lymphocytes from, to influenza antigens (Ruben, Holzman, and Fireman), 518
- Communications in brief, 224-234, 474-485, 595-605, 715-724, 839-849, 964-974
- Community hospital, fetal monitoring in: analysis of health maintenance organization, fee-for-service, and clinic populations (Hall and Alexander), 277
- Computer calculation of gestational age from ultrasound measurements, equations for: fetal femur length (Hohler and Quetel), 479 (Comm. in brief)
- Cone biopsy, diagnostic significance and sequelae of (Holdt et al.), 312
- Congenital anomaly, unreported, of surviving infant: Fetus papyraceus (Baker and Doering), 234 (Comm. in brief)
- Conjugated estrogens and percutaneous estradiol, effects of, on level of plasma proteins and triglycerides in postmenopausal women (Elkik et al.), 888
- Contraceptive(s) device event rates, copper intrauterine, following insertion 4 to 8 weeks post partum (Mishell and Roy), 29
- oral, and postoperative venous thrombosis (DeStefano et al.), 225 (Comm. in brief)
- and prolactinomas: case-control study (Beauregard et al.), 134
- Contraction stress test versus nonstress test for primary surveillance, II. Prospective multi-institutional study of antepartum fetal heart rate monitoring (Freeman, Anderson, and Dorchester), 778
- Copper intrauterine contraceptive device event rates following insertion 4 to 8 weeks post partum (Mishell and Roy), 29
- Cord blood background mercury levels, maternal and: longitudinal surveillance (Kuntz et al.), 440
- laceration, umbilical, antenatal sonographic diagnosis of (Romero et al.), 719 (Comm. in brief)
- sera, concentrations of luteinizing hormone-human chorionic gonadotropin, beta subunit of human chorionic gonadotropin, follicle-stimulating hormone, estradiol, cortisol, and testosterone in, and their correlations (Furuhashi et al.), 918
- Correspondence, 113-117, 235-237, 486-488, 606-609, 725-731, 850-856, 975
- Cortisol, testosterone, luteinizing hormone-human chorionic gonadotropin, beta subunit of human chorionic gonadotropin, follicle-stimulating hormone, and estradiol, concentrations of, in cord sera and their correlations (Furuhashi et al.), 918
- Cos, Cnidos, and CAOG (Rhodes), 259
- Cranial bone, fetal, structural, mechanical, and material properties of (Kriewall), 707
- Cultures, amniotic fluid, hypermodal cells in: frequency, interpretation, and clinical significance (Simpson et al.), 250
- quantitative amniotic fluid, correlation of, with endometritis after cesarean section (Blanco et al.), 897
- Current developments, 451-473
- Cyst, ovarian dermoid, primary malignant melanoma arising in (Gregg), 25
- D**
- Danazol therapy, recurrence of ureteral obstruction caused by endometriosis after (Pittaway et al.), 720 (Comm. in brief)
- Decelerative and sinusoidal heart rate patterns, antepartum, in Rh disease (Visser), 538
- Delivery, cesarean, in nulliparous women for failed oxytocin-augmented labor: route of delivery in subsequent pregnancy (Seitchik and Rao), 393
- early, prenatal diagnosis influencing-benign intracranial teratoma (Paes et al.), 600 (Comm. in brief)
- effect-of type of, upon neonatal outcome in premature twins (Barrett et al.), 360
- impact of mode of, on fetal outcome, VII. Intrapartum fetal heart rate monitoring (Krebs et al.), 190
- of patient with sickle cell trait, massive pulmonary embolism following (Van Dinh, Boor, and Garza), 722 (Comm. in brief)
- premature, repetitive abortion and, transabdominal cervicoisthmic cerclage for management of (Novy), 44
- and reproductive phase, relationship to: vasoactive intestinal polypeptide and female genital tract (Ottesen et al.), 414
- Dermoid cyst, ovarian, primary malignant melanoma arising in (Gregg), 25
- Developing and developed societies, relative contribution of prematurity and fetal growth retardation to low birth weight in (Villar and Belizán), 793
- Dextran 70, animal study comparing barrier methods with: prevention of postoperative pelvic adhesions (Soules et al.), 829
- Diabetes mellitus diagnosed during pregnancy, need for adequate and consistent diagnostic classifications for (Schwartz and Brenner), 119 (Clinical opinion)
- insulin-treated, and anovulation, clinical and hormonal characteristics in women with (Djursing et al.), 876
- Diabetic and nondiabetic pregnancies, change in fetal activity periods in (Dierker et al.), 181
- pregnancy (pregnancies), changes in red blood cell oxygen transport in (Madsen and Ditzel), 421
- low-risk and, fetal heart rate accelerations in, during active behavioral periods (Sorokin et al.), 224 (Comm. in brief)
- Dietary fiber, effect of, on oral glucose tolerance test in pregnancy (Gebbe et al.), 514
- Differentiation, effect of, I. Histologic correlates of virulence in (Jacobs et al.), 574
- Dilatation, cervical, synthetic laminaria for, prior to vacuum aspiration in midtrimester pregnancy (Brenner and Zuspan), 475 (Comm. in brief)
- Discussion of Major histocompatibility complex antigens, maternal and paternal immune responses, and chronic habitual abortions in humans, 177
- of Placental clearance rate of maternal plasma androstenedione through placental estradiol formation: An indirect method of assessing uteroplacental blood flow, 179
- Disease(s), pelvic inflammatory, relationship of genital tract actinomycetes and development of (Burkman et al.), 585
- Rh, antepartum sinusoidal and decelerative heart rate patterns in (Visser), 538
- trophoblastic, possible new markers in (Inaba et al.), 973 (Comm. in brief)
- Distress, acute fetal, documented case of amniotic fluid embolism presenting as (Barrows), 599 (Comm. in brief)
- Dopamine, ³H-, metabolism of, by human chorioamnion in vitro (Philippe and Niloff), 782
- Dopaminergic system, central, integrity of, in women with postpartum hyperprolactinemia (Rao, Scommegna, and Frohman), 883
- Drugs, β -mimetic, use of magnesium sulfate in premature labor that fails to respond to (Valenzuela and Cline), 718 (Comm. in brief)
- Duchenne muscular dystrophy, prenatal diagnosis of: failure of amniotic fluid and maternal serum N⁵-methylhistidine analyses to detect affected fetuses (Wassner et al.), 216
- Duplication, uterine, pelvic mass in late-pregnancy sonography of: report of two cases (Kutcher and Yee), 603 (Comm. in brief)
- Dynamic image ultrasonography, longitudinal studies of fetal growth with use of (Deter et al.), 545
- Dysgerminoma, natural history of (De Palo et al.), 799
- Dysmenorrhea therapy, intrauterine pressure changes during (Smith and Powell), 286
- E**
- Echocardiography, real-time-directed, M-mode, in utero diagnosis of interventricular septal cardiac rhabdomyoma by means of (DeVore et al.), 967 (Comm. in brief)
- Eclampsia or pregnancy-induced hypertension, pregnancy termination in patients with, at less than 22 weeks' gestation (Sampson et al.), 474 (Comm. in brief)
- Ectopic pregnancy, endosalpingosis ("endosalpingoblastosis") following laparoscopic tubal coagulation as etiologic factor of (McCausland), 12
- following treatment with human gonadotropins (Gemzell, Guil-lome, and Wang), 761
- Electrolyte levels, body weight, urine excretion, blood hematocrit, hemoglobin, and serum protein, effects of tocolytic agent fenoterol on, in nonpregnant rabbits (Grospietsch et al.), 667
- Electron microscopic, clinical, and histologic study with particular reference to viral association: early invasive and in situ warty carcinoma of vulva (Rastkar et al.), 814
- Embolism, amniotic fluid, presenting as acute fetal distress, documented case of (Barrows), 599 (Comm. in brief)
- massive pulmonary, following delivery of patient with sickle cell trait (Van Dinh, Boor, and Garza), 722 (Comm. in brief)
- Emergencies, obstetric, helicopter transportation of patients with, in urban area (Elliott, O'Keeffe, and Freeman), 157

- Endocrine state and anatomic site, variations in mechanical behavior of rabbit cervix with (Conrad and Hoover), 661
- Endometrial cancer, survival among women with: comparison of estrogen users and nonusers (Chu, Schweid, and Weiss), 569
- estrogen and progesterin receptor concentrations, human, 17β -hydroxysteroid dehydrogenase activity, and serum hormone concentrations, effects of tamoxifen, medroxyprogesterone acetate, and their combination on (Kokko et al.), 382
- Endometriosis, recurrence of ureteral obstruction caused by, after danazol therapy (Pittaway et al.), 720 (Comm. in brief)
- Endometritis, correlation of quantitative amniotic fluid cultures with, after cesarean section (Blanco et al.), 897
- Endometrium, postmenopausal, estrogen-progesterin pharmacodynamics of, studied by thymidine labeling (Friedrich and Meyer), 352
- Endorphin, β -, release, developmental changes and relationship to: vasopressin secretion induced by hypoxia in sheep (Stark et al.), 204
- Endosalpingiosis ("endosalpingiblastosis") following laparoscopic tubal coagulation as etiologic factor of ectopic pregnancy (McCausland), 12
- Enzyme-linked antiglobulin test for Rh immune globulin recipients, assessment of fetal-maternal hemorrhage by (Ness), 788
- Epidemiologic aspects, some, of carcinoma of vulva in Israel (Menczer et al.), 893
- study, preliminary, I. Effects of marijuana use during pregnancy (Greenland et al.), 408
- Epithelial (intra-) lesions, cervical, evaluation of topically applied *trans*-retinoic acid in treatment of (Surwit et al.), 821
- Errata, 112, 237, 367, 485, 609
- Estradiol, cortisol, testosterone, luteinizing hormone-human chorionic gonadotropin, beta subunit of human chorionic gonadotropin, and follicle-stimulating hormone, concentrations of, in cord sera and their correlations (Furuhashi et al.), 918
- percutaneous, and conjugated estrogens, effects of, on level of plasma proteins and triglycerides in postmenopausal women (Elkik et al.), 888
- and progesterone, luteal phase plasma, pattern of, in fertile cycles (Laufer, Navot, and Schenker), 808
- Estrogen(s), conjugated, effect of, on vaginal blood flow in surgically menopausal women (Abrams et al.), 375
- and percutaneous estradiol, effects of, in level of plasma proteins and triglycerides in postmenopausal women (Elkik et al.), 888
- progesterin pharmacodynamics of postmenopausal endometrium studied by thymidine labeling (Friedrich and Meyer), 352
- receptor concentrations, human endometrial, 17β -hydroxysteroid dehydrogenase activity, and serum hormone concentrations, effects of tamoxifen, medroxyprogesterone acetate, and their combination on (Kokko et al.), 382
- replacement therapy and breast cancer (Hulka et al.), 638
- users and nonusers, comparison of: survival among women with endometrial cancer (Chu, Schweid, and Weiss), 569
- Evacuation, uterine, randomized trial of one versus two days of laminaria treatment prior to late midtrimester abortion by: pilot study (Stubblefield, Altman, and Goldstein), 481 (Comm. in brief)
- Exchange transfusion, midtrimester intrauterine, of fetus (MacKenzie et al.), 555
- Excretion, urine, blood hematocrit, hemoglobin, serum protein, electrolyte levels, and body weight, effects of tocolytic agent fenoterol on, in nonpregnant rabbits (Grospietsch et al.), 667
- F
- Fallopian tube, intravaginal prolapse of, following vaginal hysterectomy (Bilodeau), 970 (Comm. in brief)
- Fee-for-service, clinic, and health maintenance organization populations, analysis of: fetal monitoring in community hospital (Hall and Alexander), 277
- Femur length, fetal: equations for computer calculation of gestational age from ultrasound measurements (Hohler and Quetel), 479 (Comm. in brief)
- Fenoterol, tocolytic agent, effects of, on body weight, urine excretion, blood hematocrit, hemoglobin, serum protein, and electrolyte levels in nonpregnant rabbits (Grospietsch et al.), 667
- Fertile cycles, pattern of luteal phase plasma progesterone and estradiol in (Laufer, Navot, and Schenker), 808
- Fertility, subsequent, study of relationship of motile sperm numbers in cervical mucus 48 hours after artificial insemination with (Hanson, Overstreet, and Katz), 85
- Fetal activity periods, change in, in diabetic and nondiabetic pregnancies (Dierker et al.), 181
- bones, prolonged intrauterine retention of, after abortion causing infertility (Dawood and Jarrett), 715 (Comm. in brief)
- circulatory responses to hypoxemia, effects of naloxone on (La-Gamma, Iuskovitz, and Rudolph), 933
- cranial bone, structural, mechanical, and material properties of (Kriewall), 707
- distress, acute, documented case of amniotic fluid embolism presenting as (Barrows), 599 (Comm. in brief)
- femur length: equations for computer calculation of gestational age from ultrasound measurements (Hohler and Quetel), 479 (Comm. in brief)
- growth, longitudinal studies of, with use of dynamic image ultrasonography (Deter et al.), 545
- retardation and prematurity, relative contribution of, to low birth weight in developing and developed societies (Villar and Belizán), 793
- heart rate accelerations in low-risk and diabetic pregnancies during active behavioral periods (Sorokin et al.), 224 (Comm. in brief)
- changes and fetal movements, clustering of, in pregnancies between 20 and 30 weeks of gestation (Sorokin et al.), 952
- monitoring, antepartum, prospective multi-institutional study of. I. Risk of perinatal mortality and morbidity according to antepartum fetal heart rate test results (Freeman, Anderson, and Dorchester), 771
- II. Contraction stress test versus nonstress test for primary surveillance (Freeman, Anderson, and Dorchester), 778
- intrapartum. VII. Impact of mode of delivery on fetal outcome (Krebs et al.), 190
- patterns and fetal movements, association between, in pregnancies between 20 and 30 weeks' gestation (Sorokin et al.), 243
- and tissue pH changes associated with repetitive aortic occlusion in pregnant dog (Abibol), 430
- ultrasound detector systems, two, comparison of (Lawson, Dawes, and Redman), 840 (Comm. in brief)
- and maternal cardiovascular indices and blood oxygenation in sheep, effects of phenylephrine and sodium salicylate on (Cottle, Van Petten, and van Muyden), 170
- effects of sodium nitroprusside used to counteract hypertension in gravid ewes (Ellis et al.), 766
- hemorrhage, assessment of, by enzyme-linked antiglobulin test for Rh immune globulin recipients (Ness), 788
- unit, comparison of morphine and methadone disposition in (Szeto, Umans, and McFarland), 700
- membranes, prolactin concentration in, in pregnancies with premature rupture of membranes and control pregnancies (Ron et al.), 482 (Comm. in brief)
- monitoring in community hospital: analysis of health maintenance organization, fee-for-service, and clinic populations (Hall and Alexander), 277
- intrapartum, ten-year experience of, in Los Angeles County/University of Southern California Medical Center (Yeh, Diaz, and Paul), 496
- movements in response to sound stimulation (Gelman et al.), 484 (Comm. in brief)
- (multi-) pregnancies, management of: sixteen years' experience at Sloane Hospital for Women (Loucopoulos and Jewelewicz), 902
- and neonatal lamb heart, comparison of left ventricular dynamics of, III. Biophysics of developing heart (Anderson et al.), 195
- pulmonary maturation and ultrasonic placental grading, correlation of, in five hundred xty-three pregnancies (Harman et al.), 941
- Fetomaternal bleeding, comparison of acid-elution techniques and alpha-fetoprotein levels for detection of (Chamberlain et al.), 912
- Fetoprotein, alpha-, levels and acid-elution techniques, comparison of, for detection of fetomaternal bleeding (Chamberlain et al.), 912
- Fetus (fetuses), affected, failure of amniotic fluid and maternal serum N⁷-methylhistidine analyses to detect: prenatal diagnosis of Duchenne muscular dystrophy (Wassner et al.), 216

Fetus (fetuses)—Cont'd

- asphyctic, measurement of visual evoked potential in, and during neonatal survival (Woods et al.), 944
- midtrimester intrauterine exchange transfusion of (MacKenzie et al.), 555
- papyraceus: unreported congenital anomaly of surviving infant (Baker and Doering), 234 (Comm. in brief)
- Fiber, dietary, effect of, on oral glucose tolerance test in pregnancy (Gabbe et al.), 514
- Fibroid, uterine, with necrosis, infarction of accessory spleen presenting as (Boerlum), 975 (Comm. in brief)
- Fluoride tablet supplementation during pregnancy for caries immunity: study of offspring produced (Glenn, Glenn, and Duncan), 560
- Follicle-stimulating hormone, estradiol, cortisol, testosterone, luteinizing hormone—human chorionic gonadotropin, and beta subunit of human chorionic gonadotropin, concentrations of, in cord sera and their correlations (Furuhashi et al.), 918
- Freestanding ambulatory surgical unit: success or failure (Wolff and Dunnihoo), 270
- Fruit of womb (ka hua o'o ka pu'ao) (McCorriston), 1

G

- Galactorrhea-amenorrhea and pituitary apoplexy-like syndrome, intrasphenoidal arachnoidocele with (Valenta and Elias), 477 (Comm. in brief)
- Gel—prostaglandin E₂, intracervical, evidence for local effect of (Forman et al.), 756
- Genetic indications, reproductive outcome following amniocentesis for (Porreco et al.), 653
- Genital herpes simplex virus infection, recurrent, in pregnancy: infant outcome and frequency of asymptomatic recurrences (Vontver et al.), 75
- malformation, previously unreported: uterus communicans septus, cervix duplex, and vagina septa unilateralis atretica (Toaff and Velez), 965 (Comm. in brief)
- tract actinomycetes, relationship of, and development of pelvic inflammatory disease (Burkman et al.), 585
- female, and vasoactive intestinal polypeptide: relationship to reproductive phase and delivery (Ottesen et al.), 414
- Gestation, clustering of fetal heart rate changes and fetal movements in pregnancies between 20 and 30 weeks of (Sorokin et al.), 952
- 20 and 30 weeks', association between fetal heart rate patterns and fetal movements in pregnancies between (Sorokin et al.), 243
- 22 weeks', pregnancy termination in patients with pregnancy-induced hypertension or eclampsia at less than (Sampson et al.), 474 (Comm. in brief)
- Gestational age, equations for computer calculation of, from ultrasound measurements: fetal femur length (Hohler and Quetel), 479 (Comm. in brief)
- trophoblastic disease, malignant, skin metastases from: report of two cases (Ertüngen et al.), 843 (Comm. in brief)
- Globulin (anti-) test, enzyme-linked, for Rh immune globulin recipients, assessment of fetal-maternal hemorrhage by (Ness), 788
- Glucose tolerance test, intravenous, possible usefulness of: identifying pregnancy at risk for intrauterine growth retardation (Sokol et al.), 220
- oral, in pregnancy, effect of dietary fiber on (Gabbe et al.), 514
- Gonadotropin(s), human chorionic, luteinizing hormone-, beta subunit of human chorionic gonadotropin, follicle-stimulating hormone, estradiol, cortisol, and testosterone, concentrations of, in cord sera and their correlations (Furuhashi et al.), 918
- placental lactogen, and prolactin, regulation in vitro of placental release of: effects of adrenergic beta-receptor agonist and antagonist (Shu-Rong et al.), 444
- ectopic pregnancy following treatment with (Gemzell, Guillome, and Wang), 761
- Granules, neuroendocrine, ultrastructural and histochemical observations of, in nonneoplastic ovaries (Hidvegi et al.), 590
- Gravid ewes, fetal and maternal effects of sodium nitroprusside used to co-arterial hypertension in (Ellis et al.), 766
- Growth of birth canal in adolescent girls (Moerman), 528
- fetal, longitudinal studies of, with use of dynamic image ultrasonography (Deter et al.), 545
- postnatal, prognostic significance of, in very low-birth weight infants (Hack et al.), 693

- Gynecologic surgery, prolonged postoperative apnea complicating: atypical cholinesterase and myasthenia gravis (Maharry and Sack), 36
- tumors, percutaneous lymph node aspiration in patients with (Ewing et al.), 824

H

- ³H-dopamine, metabolism of, by human chorionamnion in vitro (Philippe and Niloff), 782
- Headache, vascular, in pregnancy (Weinberger and Lauersen), 842 (Comm. in brief)
- Health maintenance organization, fee-for-service, and clinic populations, analysis of: fetal monitoring in community hospital (Hall and Alexander), 277
- Heart, developing, biophysics of. III. Comparison of left ventricular dynamics of fetal and neonatal lamb heart (Anderson et al.), 195
- rate accelerations, fetal, in low-risk and diabetic pregnancies during active behavioral periods (Sorokin et al.), 224 (Comm. in brief)
- changes, fetal, and fetal movements, clustering of, in pregnancies between 20 and 30 weeks of gestation (Sorokin et al.), 952
- fetal, and tissue pH changes associated with repetitive aortic occlusion in pregnant dog (Abitbol), 430
- monitoring, antepartum fetal, prospective multi-institutional study of. I. Risk of perinatal mortality and morbidity according to antepartum fetal heart rate test results (Freeman, Anderson, and Dorchester), 771
- II. Contraction stress test versus nonstress test for primary surveillance (Freeman, Anderson, and Dorchester), 778
- intrapartum fetal. VII. Impact of mode of delivery on fetal outcome (Krebs et al.), 190
- patterns, antepartum sinusoidal and decelerative, in Rh disease (Visser), 538
- fetal, and fetal movements, association between, in pregnancies between 20 and 30 weeks' gestation (Sorokin et al.), 243
- ultrasound detector systems, two fetal, comparison of (Lawson, Dawes, and Redman), 840 (Comm. in brief)
- Helicopter transportation of patients with obstetric emergencies in urban area (Elliott, O'Keeffe, and Freeman), 157
- Hematocrit, blood, hemoglobin, serum protein, electrolyte levels, body weight, and urine excretion, effects of tocolytic agent fenoterol on, in nonpregnant rabbits (Grospietsch et al.), 667
- Hemoglobin, serum protein, electrolyte levels, body weight, urine excretion, and blood hematocrit, effects of tocolytic agent fenoterol on, in nonpregnant rabbits (Grospietsch et al.), 667
- Hemorrhage, delayed postpartum, hypofibrinogenemia as cause of (Strickland, Galey, and Hauth), 230 (Comm. in brief)
- fetal-maternal, assessment of, by enzyme-linked antiglobulin test for Rh immune globulin recipients (Ness), 788
- postpartum, internal iliac artery vasopressin infusion for (Sacks, Palestrant, and Cohen), 601 (Comm. in brief)
- Herpes simplex virus infection, recurrent genital, in pregnancy: infant outcome and frequency of asymptomatic recurrences (Vontver et al.), 75
- latency of, in uterosacral ligaments (Kitchener, Cordiner, and Eglin), 839 (Comm. in brief)
- type 2 antigens, expression of, in premalignant and malignant human vulvar cells (Cabral et al.), 611
- History, natural, of dysgerminoma (De Palo et al.), 799
- Holoprosencephaly, antenatal ultrasound diagnosis of: case report (Blackwell et al.), 848
- I ormonal characteristics, clinical and, in women with anovulation and insulin-treated diabetes mellitus (Djursing et al.), 876
- Hormone(s) concentrations, serum, human endometrial estrogen and progesterone receptor concentrations, and 17 β -hydroxysteroid dehydrogenase activity, effects of tamoxifen, medroxyprogesterone acetate, and their combination on (Kokko et al.), 382
- exogenous, age, and menopausal status, effects of: prolactin (Notelovitz et al.), 225 (Comm. in brief)
- luteinizing, -human chorionic gonadotropin, beta subunit of human chorionic gonadotropin, follicle-stimulating hormone, estradiol, cortisol, and testosterone, concentrations of, in cord sera and their correlations (Furuhashi et al.), 918
- usage, sex, population-based lipoprotein lipid reference values for pregnant women compared to nonpregnant women classified by (Knopp et al.), 626

- Hospital(s), community, fetal monitoring in: analysis of health maintenance organization, fee-for-service, and clinic populations (Hall and Alexander), 277
- major referral, maternal mortality in, 1926 to 1980 (Varner et al.), 325
- United States, mortality risk associated with tubal sterilization in (Petersen et al.), 125
- Human chorionic gonadotropin, luteinizing hormone-, beta subunit of human chorionic gonadotropin, follicle-stimulating hormone, estradiol, cortisol, and testosterone, concentrations of, in cord sera and their correlations (Furuhashi et al.), 918
- placental lactogen, and prolactin, regulation in vitro of placental release of: effects of adrenergic beta-receptor agonist and antagonist (Shu-Rong et al.), 444
- gonadotropins, ectopic pregnancy following treatment with (Gonzalez, Guillemo, and Wang), 761
- Hydroxysteroid, 17 β -, dehydrogenase activity, serum hormone concentrations, and human endometrial estrogen and progesterone receptor concentrations, effects of tamoxifen, medroxyprogesterone acetate, and their combination on (Kokko et al.), 382
- Hyperemesis gravidarum, severe case of (Chatwani and Schwartz), 964 (Comm. in brief)
- thyroid function in patients with (Bouillon et al.), 922
- Hypermodal cells in amniotic fluid cultures: frequency, interpretation, and clinical significance (Simpson et al.), 250
- Hyperprolactinemia, postpartum, integrity of central dopaminergic system in women with (Rao, Scammegna, and Frohman), 883
- Hypertension, fetal and maternal effects of sodium nitroprusside used to counteract, in gravid ewes (Ellis et al.), 766
- pregnancy-induced, or eclampsia, pregnancy termination in patients with, at less than 22 weeks' gestation (Sampson et al.), 474 (Comm. in brief)
- Hypofibrinogenemia as cause of delayed postpartum hemorrhage (Strickland, Galey, and Hauth), 230 (Comm. in brief)
- Hypoxemia, effects of naloxone on fetal circulatory responses to (LaGamma, Itskovitz, and Rudolph), 933
- Hypoxia, vasopressin secretion induced by, in sheep: developmental changes and relationship to β -endorphin release (Stark et al.), 204
- Hysterectomy, vaginal, adnexal abscess as delayed complication of (Livengood and Addison), 596 (Comm. in brief)
- intravaginal prolapse of fallopian tube following (Bilodeau), 970 (Comm. in brief)

I

- Ideas and ideals (Anderson), 239
- Iliac artery vasopressin infusion, internal, for postpartum hemorrhage (Sacks, Palestrant, and Cohen), 601 (Comm. in brief)
- Immune globulin, Rh, recipients, assessment of fetal-maternal hemorrhage by enzyme-linked antiglobulin test for (Ness), 788
- Immunity, caries, fluoride tablet supplementation during pregnancy for: study of offspring produced (Glenn, Glenn, and Duncan), 560
- Index of high-risk pregnancy, development of (Fortney and Whitehorn), 501
- Industrialized community, influence of breast-feeding pattern on pituitary-ovarian axis of women in (Andersen and Schioler), 673
- Infant(s) outcome and frequency of asymptomatic recurrences: recurrent genital herpes simplex virus infection in pregnancy (Vontver et al.), 75
- small-for-gestational age, four- to seven-year evaluation in two groups of (Winer et al.), 425
- surviving, unreported congenital anomaly of: fetus papyraceus (Baker and Doering), 234 (Comm. in brief)
- very low-birth weight, effect of physicians' perceptions of viability on survival of: variability of viability (Goldenberg et al.), 678
- I. Influence of place of birth on survival (Cordero, Backes, and Zuspan), 533
- prognostic significance of postnatal growth in (Hack et al.), 693
- Infarction of accessory spleen presenting as uterine fibroid with necrosis (Boerlum), 974 (Comm. in brief)
- Infection(s), intra-amniotic, association between absence of amniotic fluid bacterial inhibitory activity and (Blanco et al.), 749

- Infection(s), intra-amniotic—Cont'd
- and bacterial inhibitory activity, correlation with: inorganic phosphorus and zinc concentrations in amniotic fluid (Gibbs, Blanco, and Hnilica), 163
- puerperal and perinatal, with group B streptococci (Pass, Gray, and Dillon), 147
- recurrent genital herpes simplex virus, in pregnancy: infant outcome and frequency of asymptomatic recurrences (Vontver et al.), 75
- Infertile couple, benefits of sperm (hamster ova) penetration assay in evaluation of infertile couple (Stenchever et al.), 91
- Infertility laparoscopy in perspective: review of five hundred cases (Musich and Behrman), 293
- prolonged intrauterine retention of fetal bones after abortion causing (Dawood and Jarrett), 715 (Comm. in brief)
- spontaneous abortion incidence in treatment of (Jansen), 451 (Current developments)
- Influenza antigens, responses of lymphocytes from human colostrum or milk to (Ruben, Holzman, and Fireman), 518
- Inorganic phosphorus and zinc concentrations in amniotic fluid: correlation with intra-amniotic infection and bacterial inhibitory activity (Gibbs, Blanco, and Hnilica), 163
- Insemination, artificial, with subsequent fertility, study of relationship of motile sperm numbers in cervical mucus 48 hours after (Hanson, Overstreet, and Katz), 85
- Insulin-treated diabetes mellitus and anovulation, clinical and hormonal characteristics in women with (Djursing et al.), 876
- Interventricular septal cardiac rhabdomyoma, in utero diagnosis of, by means of real-time-directed, M-mode echocardiography (DeVore et al.), 967 (Comm. in brief)
- Intestinal polypeptide, vasoactive, and female genital tract: relationship to reproductive phase and delivery (Ottesen et al.), 414
- Intra-amniotic infection, association between absence of amniotic fluid bacterial inhibitory activity and (Blanco et al.), 749
- and bacterial inhibitory activity, correlation with: inorganic phosphorus and zinc concentrations in amniotic fluid (Gibbs, Blanco, and Hnilica), 163
- Intracranial teratoma, benign—prenatal diagnosis influencing early delivery (Paes et al.), 600 (Comm. in brief)
- Intrauterine contraceptive device event rates, copper, following insertion 4 to 8 weeks post partum (Mishell and Roy), 29
- exchange transfusion, midtrimester, of fetus (MacKenzie et al.), 555
- exposure to butalbital, neonatal withdrawal from (Ostrea), 597 (Comm. in brief)
- growth retardation, identifying pregnancy at risk for: possible usefulness of intravenous glucose tolerance test (Sokol et al.), 220
- using ultrasound and amniotic fluid determinations to diagnose, before birth: clinical model (Gross et al.), 265
- pressure changes during dysmenorrhea therapy (Smith and Powell), 286
- retention, prolonged, of fetal bones after abortion causing infertility (Dawood and Jarrett), 715 (Comm. in brief)
- Intravenous glucose tolerance test, possible usefulness of: identifying pregnancy at risk for intrauterine growth retardation (Sokol et al.), 220
- Invasive, early, and in situ warty carcinoma of vulva: clinical, histologic, and electron microscopic study with particular reference to viral association (Rastkar et al.), 814
- Iron, elevated serum, in toxemia of pregnancy (Entman et al.), 398
- Ischemia, cerebral, associated with parenteral terbutaline use in pregnant migraine patients (Rosene, Featherstone, and Benedetti), 405
- Israel, some epidemiologic aspects of carcinoma of vulva in (Menczer et al.), 893
- Items, 118, 368, 610, 732, 857-858, 976

K

- Ka hua o'o ka pu'ao (fruit of womb) (McCorriston), 1

L

- Labor, determinants of maternal temperature during (Goodlin and Chapin), 97
- failed oxytocin-augmented, cesarean delivery in nulliparous women for: route of delivery in subsequent pregnancy (Seitchik and Rao), 393
- premature, cessation of, following removal of distal ureteral calculus (Broaddus et al.), 846 (Comm. in brief)

- Premature labor—Cont'd
that fails to respond to β -mimetic drugs, use of magnesium sulfate in (Valenzuela and Cline), 718 (Comm. in brief)
singleton breech presentation in: experience in 1980 (Gimovsky and Paul), 733
spontaneous, and elective repeat cesarean section: prevention of iatrogenic neonatal respiratory distress syndrome (Bowers, MacDonald, and Shapiro), 186
- Laceration, umbilical cord, antenatal sonographic diagnosis of (Romero et al.), 719 (Comm. in brief)
- Lactation, poor puerperal, effect of sulpiride on (Aono et al.), 927
- Lactogen, placental, prolactin, and human chorionic gonadotropin, regulation in vitro of placental release of: effects of adrenergic beta-receptor agonist and antagonist (Shu-Rong et al.), 444
- Laminaria, synthetic, for cervical dilatation prior to vacuum aspiration in midtrimester pregnancy (Brenner and Zuspan), 475 (Comm. in brief)
treatment, randomized trial of one versus two days of, prior to late midtrimester abortion by uterine evacuation: pilot study (Stubblefield, Altman, and Goldstein), 481 (Comm. in brief)
- Laparoscopic tubal coagulation, endosalpingiosis ("endosalpingoblastosis") following, as etiologic factor of ectopic pregnancy (McCausland), 12
- Laparoscopy, infertility, in perspective: review of five hundred cases (Musich and Behrman), 293
or minilaparotomy for sterilization: multicenter, multinational randomized study (World Health Organization Task Force on Female Sterilization), 645
- Laser, carbon dioxide, treatment of vaginal carcinoma in situ with (Townsend et al.), 565
- Leiomyomas: Steroid receptor content (Soules and McCarty), 6
and tumor-bearing myometrium, unconjugated steroids in (Otubu et al.), 130
- Leukemia, acute myelomonocytic, in pregnancy: report of case (Plows), 41
- Ligaments, uterosacral, latency of herpes simplex virus in (Kitchener, Corder, and Eglin), 839 (Comm. in brief)
- Lipid reference values, population-based lipoprotein, for pregnant women compared to nonpregnant women classified by sex hormone usage (Knopp et al.), 626
- Lipoprotein lipid reference values, population-based, for pregnant women compared to nonpregnant women classified by sex hormone usage (Knopp et al.), 626
- Los Angeles County/University of Southern California Medical Center, ten-year experience of intrapartum fetal monitoring in (Yeh, Diaz, and Paul), 496
- Low birth weight, relative contribution of prematurity and fetal growth retardation to, in developing and developed societies (Villar and Belizan), 793
- Luteal phase plasma progesterone and estradiol, pattern of, in fertile cycles (Laufer, Navot, and Schenker), 808
- Luteinizing hormone—human chorionic gonadotropin, beta subunit of human chorionic gonadotropin, follicle-stimulating hormone, estradiol, cortisol, and testosterone, concentrations of, in cord sera and their correlations (Furuhashi et al.), 918
- Lymph node aspiration, percutaneous, in patients with gynecologic tumors (Ewing et al.), 824
- Lymphocytes from human colostrum or milk, responses of, to influenza antigens (Ruben, Holzman, and Fireman), 518
- Lymphoma, malignant pelvic (Crisp et al.), 69
of ovary: report of twenty new cases and update of previous series (Rotmensch and Woodruff), 870
- M
- M-mode echocardiography, real-time—directed, in utero diagnosis of interventricular septal cardiac rhabdomyoma by means of (DeVore et al.), 967 (Comm. in brief)
- Magnesium and calcium concentrations, breast milk, following magnesium sulfate treatment (Cruikshank, Varner, and Pitkin), 685
sulfate, use of, in premature labor that fails to respond to β -mimetic drugs (Valenzuela and Cline), 718 (Comm. in brief)
- Malformation, genital, previously unreported: uterus communicans septus, cervix duplex, and vagina septa unilateralis atretica (Toaff and Velez), 965 (Comm. in brief)
- Malignant gestational trophoblastic disease, skin metastases from: report of two cases (Ertümgalp et al.), 843 (Comm. in brief)
- Malignant—Cont'd
melanoma, primary, arising in ovarian dermoid cyst (Gregg), 25
pelvic lymphoma (Crisp et al.), 69
(pre-) and malignant human vulvar cells, expression of herpes simplex virus type 2 antigens in (Cabral et al.), 611
- Marathon training, effect of, upon menstrual function (Shangold and Levine), 862
- Marijuana use, effects of, during pregnancy. I. Preliminary epidemiologic study (Greenland et al.), 408
- Markers, possible new, in trophoblastic diseases (Inaba et al.), 973 (Comm. in brief)
- Mass, pelvic, in late-pregnancy sonography of uterine duplication: report of two cases (Kutcher and Yee), 623 (Comm. in brief)
- Maternal and amniotic fluid serum N⁷-methylhistidine analyses, failure of, to detect affected fetuses: prenatal diagnosis of Duchenne muscular dystrophy (Wassner et al.), 216
and cord blood background mercury levels: longitudinal surveillance (Kuntz et al.), 440
and fetal cardiovascular indices and blood oxygenation in sheep, effects of phenylephrine and sodium salicylate on (Cottle, Van Petten, and van Muyden), 170
effects of sodium nitroprusside used to counteract hypertension in gravid ewes (Ellis et al.), 766
hemorrhage, assessment of, by enzyme-linked antiglobulin test for Rh immune globulin recipients (Ness), 788
unit, comparison of morphine and methadone disposition in (Szeo, Umans, and McFarland), 700
group B streptococcal colonization, antepartum versus intrapartum selective screening for (Iams and O'Shaughnessy), 153
mortality in major referral hospital, 1926 to 1980 (Varner et al.), 325
temperature during labor, determinants of (Goodlin and Chapin), 97
- Maturation, fetal pulmonary, and ultrasonic placental grading, correlation of, in five hundred sixty-three pregnancies (Harman et al.), 941
- Medici's new "Catch-22": prenatal screening and "wrongful life" (Marsh), 745
- Medroxyprogesterone acetate, tamoxifen, and their combination, effects of, on human endometrial estrogen and progesterin receptor concentrations, 17 β -hydroxysteroid dehydrogenase activity, and serum hormone concentrations (Kokko et al.), 382
- Melanoma, primary malignant, arising in ovarian dermoid cyst (Gregg), 25
- Membranes, fetal, prolactin concentration in, in pregnancies with premature rupture of membranes and control pregnancies (Ron et al.), 482 (Comm. in brief)
- Menopausal status, exogenous hormones, and age, effects of: prolactin (Notelovitz et al.), 225 (Comm. in brief)
women, surgically, effect of conjugated estrogens on vaginal blood flow in (Abrams et al.), 375
- Menstrual function, effect of marathon training upon (Shangold and Levine), 862
- Mercury levels, maternal and cord blood background: longitudinal surveillance (Kuntz et al.), 440
- Metabolism of ³H-dopamine by human chorioamion in vitro (Philippe and Niloff), 782
- Metastases, skin, from malignant gestational trophoblastic disease: report of two cases (Ertümgalp et al.), 843 (Comm. in brief)
- Metastatic Sertoli-Leydig cell tumor of ovary during pregnancy treated by BV-CAP chemotherapy (Pride, Pollock, and Norgard), 231 (Comm. in brief)
- Methadone and morphine disposition, comparison of, in maternal-fetal unit (Szeo, Umans, and McFarland), 700
- Methylhistidine, N⁷-, analyses, amniotic fluid and maternal serum, failure of, to detect affected fetuses: prenatal diagnosis of Duchenne muscular dystrophy (Wassner et al.), 216
- Microadenomas, suspected pituitary prolactin-secreting, bromocriptine treatment of women with (Archer et al.), 620
- Microsurgical procedures, tubal, ovulatory function after, in rabbit (Verhoeven, Lott, and Reichman), 835
- Midtrimester intrauterine exchange transfusion of fetus (MacKenzie et al.), 555
- Migraine patients, pregnant, cerebral ischemia associated with par-enteral terbutaline use in (Rosene, Featherstone, and Benedetti), 405
- Milk, breast, its transfer across placenta as well as into: phencyclidine (Nicholas, Lipshitz, and Schreiber), 143

Milk—Cont'd

- human colostrum or, responses of lymphocytes from, to influenza antigens (Ruben, Holzman, and Fireman), 518
- magnesium and calcium concentrations, breast, following magnesium sulfate treatment (Cruikshank, Varner, and Pitkin), 685
- Mimetic, β -, drugs, use of magnesium sulfate in premature labor that fails to respond to (Valenzuela and Cline), 718 (Comm. in brief)
- Minilaparotomy or laparoscopy for sterilization: multicenter, multinational randomized study (World Health Organization Task Force on Female Sterilization), 645
- Monitoring, antepartum fetal heart rate, prospective multi-institutional study of. I. Risk of perinatal mortality and morbidity according to antepartum fetal heart rate test results (Freeman, Anderson, and Dorchester), 771
 - II. Contraction stress test versus nonstress test for primary surveillance (Freeman, Anderson, and Dorchester), 778
- fetal, in community hospital: analysis of health maintenance organization, fee-for-service, and clinic populations (Hall and Alexander), 277
- intrapartum fetal heart rate. VII. Impact of mode of delivery on fetal outcome (Krebs et al.), 190
 - ten-year experience of, in Los Angeles County/University of Southern California Medical Center (Yeh, Diaz, and Paul), 496
- Morbidity and mortality, perinatal, risk of, according to antepartum fetal heart rate test results. I. Prospective multi-institutional study of antepartum fetal heart rate monitoring (Freeman, Anderson, and Dorchester), 771
- Morphine and methadone disposition, comparison of, in maternal-fetal unit (Szeto, Umans, and McFarland), 700
- Mortality, maternal, in major referral hospital, 1926 to 1980 (Varner et al.), 325
 - and morbidity, perinatal, risk of, according to antepartum fetal heart rate test results. I. Prospective multi-institutional study of antepartum fetal heart rate monitoring (Freeman, Anderson, and Dorchester), 771
 - risk associated with tubal sterilization in United States hospitals (Peterson et al.), 125
- Motile sperm numbers in cervical mucus 48 hours after artificial insemination, study of relationship of, with subsequent fertility (Hanson, Overstreet, and Katz), 85
- Movements, fetal, and fetal heart rate changes, clustering of, in pregnancies between 20 and 30 weeks of gestation (Sorokin et al.), 952
 - patterns, association between, in pregnancies between 20 and 30 weeks' gestation (Sorokin et al.), 243
 - in response to sound stimulation (Gelman et al.), 484 (Comm. in brief)
- Mucus, cervical, motile sperm numbers in, 48 hours after artificial insemination, study of relationship of, with subsequent fertility (Hanson, Overstreet, and Katz), 85
- Muscular dystrophy, Duchenne, prenatal diagnosis of: failure of amniotic fluid and maternal serum N⁷-methylhistidine analyses to detect affected fetuses (Wassner et al.), 216
- Myasthenia gravis, atypical cholinesterase and: prolonged postoperative apnea complicating gynecologic surgery (Maharry and Sack), 36
- Mycoplasmas and bacteria, isolation of, from blood of postpartum women (Lamey et al.), 104
- Myelomonocytic leukemia, acute, in pregnancy: report of case (Plows), 41
- Myometrium, tumor-bearing, and leiomyomas, unconjugated steroids in (Otubu et al.), 130

N

- Naloxone, effects of, on fetal circulatory responses to hypoxemia (LaGamma, Itskovitz, and Rudolph), 933
- Necrosis, infarction of accessory spleen presenting as uterine fibroid with (Boerlum), 975 (Comm. in brief)
- Neonatal and fetal lamb heart, comparison of left ventricular dynamics of, III. Biophysics of developing heart (Anderson et al.), 195
 - outcome, effect of type of delivery upon, in premature twins (Barrett et al.), 360
 - respiratory distress in presence of amniotic fluid phosphatidylglycerol (Anderson, Conrad, and Cordero), 233 (Comm. in brief)

Respiratory distress—Cont'd

- syndrome, iatrogenic, prevention of: elective repeat cesarean section and spontaneous labor (Bowers, MacDonald, and Shapiro), 186
- survival, measurement of visual evoked potential in asphyctic fetus and during (Woods et al.), 944
- withdrawal from intrauterine exposure to butalbital (Ostrea), 597 (Comm. in brief)
- Neuroendocrine granules, ultrastructural and histochemical observations of, in nonneoplastic ovaries (Hidvegi et al.), 590
- Nickel concentration, serum, in women during pregnancy, during parturition, and post partum (Rubanyi et al.), 167
- Nitroprusside, sodium, used to counteract hypertension, fetal and maternal effects of, in gravid ewes (Ellis et al.), 766
- Nonstress test versus contraction stress test for primary surveillance. II. Prospective multi-institutional study of antepartum fetal heart rate monitoring (Freeman, Anderson, and Dorchester), 778
- Norepinephrine, ovarian, developmental and periovulatory changes of, in rat (Morimoto, Okamura, and Tanaka), 389
- Nulliparous women, cesarean delivery in, for failed oxytocin-augmented labor: route of delivery in subsequent pregnancy (Seitchik and Rao), 393

O

- Obstetric emergencies, helicopter transportation of patients with, in urban area (Elliott, O'Keefe, and Freeman), 157
- Occlusion, repetitive aortic, fetal heart rate and tissue pH changes associated with, in pregnant dog (Abitbol), 430
- Offspring produced, study of: fluoride tablet supplementation during pregnancy for caries immunity (Glenn, Glenn, and Duncan), 560
- Oral contraceptives and postoperative venous thrombosis (DeStefano et al.), 225 (Comm. in brief)
 - and prolactinomas: case-control study (Beauregard et al.), 134
 - glucose tolerance test in pregnancy, effect of dietary fiber on (Gabbé et al.), 514
- Osteogenesis imperfecta, antenatal sonographic findings of (Chervenak et al.), 228 (Comm. in brief)
- Ova, hamster (sperm) penetration assay, benefits of, in evaluation of infertile couple (Stenchever et al.), 91
- Ovarian adenocarcinoma, histologic correlates of virulence in. I. Effect of differentiation (Jacobs et al.), 574
- dermoid cyst, primary malignant melanoma arising in (Gregg), 25
- norepinephrine, developmental and periovulatory changes of, in rat (Morimoto, Okamura, and Tanaka), 389
- pituitary axis, influence of breast-feeding pattern on, of women in industrialized community (Andersen and Schioler), 673
- pregnancy, primary: report of twenty-five cases (Hallatt), 55
- Ovary (ovaries), lymphoma of: report of twenty new cases and update of previous series (Rotmensch and Woodruff), 870
- metastatic Sertoli-Leydig cell tumor of, during pregnancy treated by BV-CAP chemotherapy (Pride, Pollock, and Norgard), 231 (Comm. in brief)
- nonneoplastic, ultrastructural and histochemical observations of neuroendocrine granules in (Hidvegi et al.), 590
- Ovulatory function after tubal microsurgical procedures in rabbit (Verhoeven, Lott, and Reichman), 835
- (peri-) and developmental changes of ovarian norepinephrine in rat (Morimoto, Okamura, and Tanaka), 389
- Oxygen transport, red blood cell, changes in, in diabetic pregnancy (Madsen and Ditzel), 421
- Oxygenation, blood, and cardiovascular indices, fetal and maternal, in sheep, effects of phenylephrine and sodium salicylate on (Cottle, Van Petten, and van Muyden), 170
- Oxytocin-augmented labor, failed, cesarean delivery in nulliparous women for: route of delivery in subsequent pregnancy (Seitchik and Rao), 393

P

- Pacific Coast Obstetrical and Gynecological Society, transactions, forty-eighth annual meeting, 1-112
- Pain, pelvic, cause of: splenosis (Overton), 969 (Comm. in brief)
- Papryaceous, fetus: unreported congenital anomaly of surviving infant (Baker and Doering), 234 (Comm. in brief)
- Parenteral terbutaline use, cerebral ischemia associated with, in pregnant migraine patients (Rosene, Featherstone, and Benedetti), 405

- Partum (ante-) fetal heart rate monitoring, prospective multi-institutional study of. I. Risk of perinatal mortality and morbidity according to antepartum fetal heart rate test results (Freeman, Anderson, and Dorchester), 771
- II. Contraction stress test versus nonstress test for primary surveillance (Freeman, Anderson, and Dorchester), 778
- sinusoidal and decelerative heart rate patterns in Rh disease (Visser), 538
- versus intrapartum selective screening for maternal group B streptococcal colonization (Iams and O'Shaughnessy), 153
- copper intrauterine contraceptive device event rates following insertion 4 to 8 weeks post (Mishell and Roy), 29
- (intra-) fetal heart rate monitoring. VII. Impact of mode of delivery on fetal outcome (Krebs et al.), 190
- monitoring, ten-year experience of, in Los Angeles County/University of Southern California Medical Center (Yeh, Diaz, and Paul), 496
- (post-) hemorrhage, delayed, hypofibrinogenemia as cause of (Strickland, Galey, and Hauth), 230 (Comm. in brief)
- internal iliac artery vasopressin infusion for (Sacks, Palestrant, and Cohen), 601 (Comm. in brief)
- hyperprolactinemia, integrity of central dopaminergic system in women with (Rao, Scommegna, and Frohman), 883
- involuting uterus, pregnant and, protease and protease inhibitory activity in (Milwidsky et al.), 906
- toxic shock syndrome (Bracero and Bowe), 478 (Comm. in brief)
- women, isolation of mycoplasmas and bacteria from blood of (Lamey et al.), 104
- serum nickel concentration in women post, during pregnancy, and during parturition (Rubányi et al.), 167
- Parturition, pregnancy and, monitoring temperatures of pigtailed macaques (*Macaca nemestrina*) during (Ruppenthal and Goodlin), 971 (Comm. in brief)
- serum nickel concentration in women during, during pregnancy, and post partum (Rubányi et al.), 167
- Pelvic adhesions, postoperative, prevention of: animal study comparing barrier methods with dextran 70 (Soules et al.), 829
- inflammatory disease, relationship of genital tract actinomycetes and development of (Burkman et al.), 585
- lymphoma, malignant (Crisp et al.), 69
- mass in late-pregnancy sonography of uterine duplication: report of two cases (Kutcher and Yee), 603 (Comm. in brief)
- pain, cause of: splenosis (Overton), 969 (Comm. in brief)
- pelvimetry, x-ray, efficacy of (Barton, Garbaciak, and Ryan), 304
- Percutaneous estradiol and conjugated estrogens, effects of, on level of plasma proteins and triglycerides in postmenopausal women (Elkik et al.), 888
- lymph node aspiration in patients with gynecologic tumors (Ewing et al.), 824
- Perinatal mortality and morbidity, risk of, according to antepartum fetal heart rate test results. I. Prospective multi-institutional study of antepartum fetal heart rate monitoring (Freeman, Anderson, and Dorchester), 771
- and puerperal infections with group B streptococci (Pass, Gray, and Dillon), 147
- pH changes, tissue, fetal heart rate and, associated with repetitive aortic occlusion in pregnant dog (Abitbol), 430
- Pharmacodynamics, estrogen-progestin, of postmenopausal endometrium studied by thymidine labeling (Friedrich and Meyer), 352
- Phencyclidine: its transfer across placenta as well as into breast milk (Nicholas, Lipshitz, and Schreiber), 143
- Phenylephrine and sodium salicylate, effects of, on maternal and fetal cardiovascular indices and blood oxygenation in sheep (Cottle, Van Petten, and van Muyden), 170
- Phosphatidylglycerol, amniotic fluid, neonatal respiratory distress in presence of (Anderson, Conrad, and Cordero), 233 (Comm. in brief)
- Phosphorus, inorganic, and zinc concentrations in amniotic fluid: correlation with intra-amniotic infection and bacterial inhibitory activity (Gibbs, Blanco, and Hnilica), 163
- Physicians' perceptions of viability, effect of, on survival of very low-birth weight infants: variability of viability (Goldenberg et al.), 67
- Pituitary adenomas and chronic anovulation syndrome, association between (Coulam, Annegers, and Kranz), 319
- apoplexy-like syndrome and amenorrhea-galactorrhea, intrasphenoidal arachnoidocele with (Valenta and Elias), 477 (Comm. in brief)
- Pituitary—Cont'd
- ovarian axis, influence of breast-feeding pattern on, of women in industrialized community (Andersen and Schioler), 673
- prolactin-secreting microadenomas, suspected, bromocriptine treatment of women with (Archer et al.), 620
- Placenta, its transfer across, as well as into breast milk: phencyclidine (Nicholas, Lipshitz, and Schreiber), 143
- Placental grading, ultrasonic, and fetal pulmonary maturation, correlation of, in five hundred sixty-three pregnancies (Harman et al.), 941
- release of human chorionic gonadotropin, placental lactogen, and prolactin, regulation in vitro of: effects of adrenergic beta-receptor agonist and antagonist (Shu-Rong et al.), 444
- Plasma progesterone and estradiol, luteal phase, pattern of, in fertile cycles (Laufer, Navot, and Schenker), 808
- protein(s) A, pregnancy-associated, is tumor marker (Bischof et al.), 379
- and triglycerides, effects of percutaneous estradiol and conjugated estrogens on level of, in postmenopausal women (Elkik et al.), 888
- Plasminogen binding by human amniochorion (Burgos et al.), 958
- Polyhydramnios, sonographic detection of: five-year experience (Zamah et al.), 523
- Polypeptide, vasoactive intestinal, and female genital tract: relationship to reproductive phase and delivery (Ottesen et al.), 414
- Population-based lipoprotein lipid reference values for pregnant women compared to nonpregnant women classified by sex hormone usage (Knopp et al.), 626
- Postmenopausal endometrium, estrogen-progestin pharmacodynamics of, studied by thymidine labeling (Friedrich and Meyer), 352
- women, effects of percutaneous estradiol and conjugated estrogens on level of plasma proteins and triglycerides in (Elkik et al.), 888
- Postnatal growth, prognostic significance of, in very low-birth weight infants (Hack et al.), 693
- Postoperative apnea, prolonged, complicating gynecologic surgery: atypical cholinesterase and myasthenia gravis (Maharry and Sack), 36
- pelvic adhesions, prevention of: animal study comparing barrier methods with dextran 70 (Soules et al.), 829
- venous thrombosis and oral contraceptives (DeStefano et al.), 227 (Comm. in brief)
- Pregnancy (pregnancies), acute myelomonocytic leukemia in: report of case (Plows), 41
- associated plasma protein A is tumor marker (Bischof et al.), 379
- between 20 and 30 weeks' gestation, association between fetal heart rate patterns and fetal movements in (Sorokin et al.), 243
- clustering of fetal heart rate changes and fetal movements in (Sorokin et al.), 952
- diabetic, changes in red blood cell oxygen transport in (Madsen and Ditzel), 421
- and nondiabetic, change in fetal activity periods in (Dierker et al.), 181
- ectopic, endosalpingiosis ("endosalpingioblastosis") following laparoscopic tubal coagulation as etiologic factor of (McCausland), 12
- following treatment with human gonadotropins (Gemzell, Guilome, and Wang), 761
- effect(s) of dietary fiber on oral glucose tolerance test in (Gabbé et al.), 514
- of marijuana use during. I. Preliminary epidemiologic study (Greenland et al.), 408
- five hundred sixty-three, correlation of ultrasonic placental grading and fetal pulmonary maturation in (Harman et al.), 941
- fluoride tablet supplementation during, for caries immunity: study of offspring produced (Glenn, Glenn, and Duncan), 560
- high-risk, development of index of (Fortney and Whitehorn), 501
- late-, sonography of uterine duplication, pelvic mass in: report of two cases (Kutcher and Yee), 603 (Comm. in brief)
- low-risk and diabetic, fetal heart rate accelerations in, during active behavioral periods (Sorokin et al.), 224 (Comm. in brief)
- metastatic Sertoli-Leydig cell tumor of ovary during, treated by BV-CAP chemotherapy (Pride, Pollock, and Norgard), 231 (Comm. in brief)
- midtrimester, synthetic laminaria for cervical dilatation prior to vacuum aspiration in (Brenner and Zuspan), 475 (Comm. in brief)

Pregnancy (pregnancies)—Cont'd

- multifetal, management of: sixteen years' experience at Sloane Hospital for Women (Loucopoulos and Jewelewicz), 902
- need for adequate and consistent diagnostic classifications for diabetes mellitus diagnosed during (Schwartz and Brenner), 119 (Clinical opinion)
- and parturition, monitoring temperatures of pigtailed macaques (*Macaca nemestrina*) during (Ruppenthal and Goodlin), 971 (Comm. in brief)
- primary ovarian: report of twenty-five cases (Hallatt), 55
- rabies vaccination in (Varner, McGuinness, and Galask), 717 (Comm. in brief)
- recurrent genital herpes simplex virus infection in: infant outcome and frequency of asymptomatic recurrences (Vontver et al.), 75
- at risk for intrauterine growth retardation, identifying: possible usefulness of intravenous glucose tolerance test (Sokol et al.), 220
- serum nickel concentration in women during, during parturition, and post partum (Rubanyi et al.), 167
- subsequent, route of delivery in: cesarean delivery in nulliparous women for failed oxytocin-augmented labor (Seitchik and Rao), 393
- termination in patients with pregnancy-induced hypertension or eclampsia at less than 22 weeks' gestation (Sampson et al.), 474 (Comm. in brief)
- toxemia of, elevated serum iron in (Entman et al.), 398
- vascular headache in (Weinberger and Lauersen), 842 (Comm. in brief)
- with premature rupture of membranes and control pregnancies, prolactin concentration in fetal membranes in (Ron et al.), 482 (Comm. in brief)
- Pregnant dog, fetal heart rate and tissue pH changes associated with repetitive aortic occlusion in (Abitbol), 430
- migraine patients, cerebral ischemia associated with parenteral terbutaline use in (Rosene, Featherstone, and Benedetti), 405
- and postpartum involuting uterus, protease and protease inhibitory activity in (Milwidsky et al.), 906
- women, population-based lipoprotein lipid reference values for, compared to nonpregnant women classified by sex hormone usage (Knopp et al.), 626
- Premature delivery, repetitive abortion and, transabdominal cervico-isthmus cerclage for management of (Novy), 44
- labor, cessation of, following removal of distal ureteral calculus (Broaddus et al.), 846 (Comm. in brief)
- that fails to respond to β -mimetic drugs, use of magnesium sulfate in (Valenzuela and Cline), 718 (Comm. in brief)
- rupture of membranes, pregnancies with, and control pregnancies, prolactin concentration in fetal membranes in (Ron et al.), 482 (Comm. in brief)
- twins, effect of type of delivery upon neonatal outcome in (Barrett et al.), 360
- Prematurity and fetal growth retardation, relative contribution of, to low birth weight in developing and developed societies (Villar and Belizán), 793
- Prenatal diagnosis of Duchenne muscular dystrophy: failure of amniotic fluid and maternal serum N⁷-methylhistidine analyses to detect affected fetuses (Wassner et al.), 216
- influencing early delivery—benign intracranial teratoma (Paes et al.), 600 (Comm. in brief)
- screening and "wrongful life": medicine's new "Catch-22" (Marsh), 745
- Pressure changes, intrauterine, during dysmenorrhea therapy (Smith and Powell), 286
- Progesterone and estradiol, luteal phase plasma, pattern of, in fertile cycles (Laufer, Navot, and Schenker), 808
- Progestin-estrogen pharmacodynamics of postmenopausal endometrium studied by thymidine labeling (Friedrich and Meyer), 352
- receptor concentrations, human endometrial estrogen and, 17 β -hydroxysteroid dehydrogenase activity, and serum hormone concentrations, effects of tamoxifen, medroxyprogesterone acetate, and their combination on (Kokko et al.), 382
- Prolactin concentration in fetal membranes in pregnancies with premature rupture of membranes and control pregnancies (Ron et al.), 482 (Comm. in brief)
- effects of age, menopausal status, and exogenous hormones (Notelovitz et al.), 225 (Comm. in brief)

Prolactin—Cont'd

- human chorionic gonadotropin, and placental lactogen, regulation in vitro of placental release of: effects of adrenergic beta-receptor agonist and antagonist (Shu-Rong et al.), 444
- secreting microadenomas, suspected pituitary, bromocriptine treatment of women with (Archer et al.), 620
- Prolactinomas and oral contraceptives: case-control study (Beauregard et al.), 134
- Prolapse, intravaginal, of fallopian tube following vaginal hysterectomy (Bilodeau), 970 (Comm. in brief)
- Prostaglandin E₂-gel, intracervical, evidence for local effect of (Forman et al.), 756
- Protease and protease inhibitory activity in pregnant and postpartum involuting uterus (Milwidsky et al.), 906
- Protein(s) A, pregnancy-associated plasma, is tumor marker (Bischof et al.), 379
- plasma, and triglycerides, effects of percutaneous estradiol and conjugated estrogens on level of, in postmenopausal women (Elkik et al.), 888
- serum, electrolyte levels, body weight, urine excretion, blood hematocrit, and hemoglobin, effects of tocolytic agent fenoterol on, in nonpregnant rabbits (Grospietsch et al.), 667
- Psychological reactions to amniocentesis: controlled study (Fava et al.), 509
- Puerperal lactation, poor, effect of sulpiride on (Aono et al.), 927
- and perinatal infections with group B streptococci (Pass, Gray, and Dillon), 147
- Pulmonary embolism, massive, following delivery of patient with sickle cell trait (Van Dinh, Boor, and Garza), 722 (Comm. in brief)
- maturation, fetal, and ultrasonic placental grading, correlation of, in five hundred sixty-three pregnancies (Harman et al.), 941

R

- Rabies vaccination in pregnancy (Varner, McGuinness, and Galask), 717 (Comm. in brief)
- Real-time—directed, M-mode echocardiography, in utero diagnosis of interventricular septal cardiac rhabdomyoma by means of (DeVore et al.), 967 (Comm. in brief)
- Receptor, beta-, agonist and antagonist, adrenergic, effects of: regulation in vitro of placental release of human chorionic gonadotropin, placental lactogen, and prolactin (Shu-Rong et al.), 444
- concentrations, human endometrial estrogen and progestin, 17 β -hydroxysteroid dehydrogenase activity, and serum hormone concentrations, effects of tamoxifen, medroxyprogesterone acetate, and their combination on (Kokko et al.), 382
- content, steroid: leiomyomas (Soules and McCarty), 6
- Red blood cell oxygen transport, changes in, in diabetic pregnancy (Madsen and Ditzel), 421
- Referral hospital, major, maternal mortality in, 1926 to 1980 (Varner et al.), 325
- Reproductive outcome following amniocentesis for genetic indications (Porreco et al.), 653
- phase and delivery, relationship to: vasoactive intestinal polypeptide and female genital tract (Ottesen et al.), 414
- Respiratory distress following elective repeat cesarean section (Schreiner et al.), 689
- neonatal, in presence of amniotic fluid phosphatidylglycerol (Anderson, Conrad, and Cordero), 233 (Comm. in brief)
- syndrome, iatrogenic neonatal, prevention of: elective repeat cesarean section and spontaneous labor (Bowers, MacDonald, and Shapiro), 186
- Retinoic, *trans*-, acid, topically applied, evaluation of, in treatment of cervical intraepithelial lesions (Surwit et al.), 821
- Rh disease, antepartum sinusoidal and decelerative heart rate patterns in (Visser), 538
- immune globulin recipients, assessment of fetal-maternal hemorrhage by enzyme-linked antiglobulin test for (Ness), 788
- Rhabdomyoma, interventricular septal cardiac, in utero diagnosis of, by means of real-time—directed, M-mode echocardiography (DeVore et al.), 967 (Comm. in brief)
- Runners, is athletic amenorrhea specific to (Sanborn, Martin, and Wagner), 859

S

- Salicylate, sodium, and phenylephrine, effects of, on maternal and fetal cardiovascular indices and blood oxygenation in sheep (Cottle, Van Petten, and van Muyden), 170

- Salpingitis, acute bacterial, clinical staging of, and its therapeutic ramifications (Monif), 489 (Clinical opinion)
- Screening, prenatal, and "wrongful life": medicine's new "Catch-22" (Marsh), 745
- Septal cardiac rhabdomyoma, interventricular, in utero diagnosis of, by means of real-time-directed, M-mode echocardiography (DeVore et al.), 967 (Comm. in brief)
- Sertoli-Leydig cell tumor, metastatic, of ovary during pregnancy treated by BV-CAP chemotherapy (Pride, Pollock, and Norgard), 231 (Comm. in brief)
- Serum (sera), cord, concentrations of luteinizing hormone-human chorionic gonadotropin, beta subunit of human chorionic gonadotropin, follicle-stimulating hormone, estradiol, cortisol, and testosterone in, and their correlations (Furuhashi et al.), 918
- hormone concentrations, human endometrial estrogen and progesterone receptor concentrations, and 17 β -hydroxysteroid dehydrogenase activity, effects of tamoxifen, medroxyprogesterone acetate, and their combination on (Kokko et al.), 382
- iron, elevated, in toxemia of pregnancy (Entman et al.), 398
- N⁷-methylhistidine analyses, amniotic fluid and maternal, failure of, to detect affected fetuses: prenatal diagnosis of Duchenne muscular dystrophy (Wassner et al.), 216
- nickel concentration in women during pregnancy, during parturition, and post partum (Rubanyi et al.), 167
- protein, electrolyte levels, body weight, urine excretion, blood hematocrit, and hemoglobin, effects of tocolytic agent fenoterol on, in nonpregnant rabbits (Grospietsch et al.), 667
- Sex hormone usage, population-based lipoprotein lipid reference values for pregnant women compared to nonpregnant women classified by (Knopp et al.), 626
- Sickle cell trait, massive pulmonary embolism following delivery of patient with (Van Dinh, Boor, and Garza), 722 (Comm. in brief)
- Singleton breech presentation in labor: experience in 1980 (Gimovsky and Paul), 733
- Sinusoidal and decelerative heart rate patterns, antepartum, in Rh disease (Visser), 538
- Skin metastases from malignant gestational trophoblastic disease: report of two cases (Ertungaalp et al.), 843 (Comm. in brief)
- Sloane Hospital for Women, sixteen years' experience at: management of multifetal pregnancies (Loucopoulos and Jelewicz), 902
- Small-for-gestational age infants, four- to seven-year evaluation in two groups of (Winer et al.), 425
- Sonographic detection of polyhydramnios: five-year experience (Zamah et al.), 523
- diagnosis, antenatal, of umbilical cord laceration (Romero et al.), 719 (Comm. in brief)
- findings, antenatal, of osteogenesis imperfecta (Chervenak et al.), 228 (Comm. in brief)
- Sonography, late-pregnancy, of uterine duplication, pelvic mass in: report of two cases (Kutcher and Yee), 603 (Comm. in brief)
- Sound stimulation, fetal movements in response to (Gelman et al.), 484 (Comm. in brief)
- Sperm (hamster ova) penetration assay, benefits of, in evaluation of infertile couple (Stenchever et al.), 91
- numbers, motile, in cervical mucus 48 hours after artificial insemination, study of relationship of, with subsequent fertility (Hanson, Overstreet, and Katz), 85
- Sphenoidal (intra-) arachnoidocele with amenorrhea-galactorrhea and pituitary apoplexy-like syndrome (Valenta and Elias), 477 (Comm. in brief)
- Spleen, accessory, infarction of, presenting as uterine fibroid with necrosis (Boerlum), 975 (Comm. in brief)
- Splenosis: cause of pelvic pain (Overton), 969 (Comm. in brief)
- Spontaneous abortion incidence in treatment of infertility (Jansen), 451 (Current developments)
- Sterilization, minilaparotomy or laparoscopy for: multicenter, multinational randomized study (World Health Organization Task Force on Female Sterilization), 645
- tubal, mortality risk associated with, in United States hospitals (Peterson et al.), 125
- Steroid(s) receptor content: leiomyomas (Soules and McCarty), 6
- unconjugated, in leiomyomas and tumor-bearing myometrium (Otubu et al.), 130
- Streptococcal colonization, maternal group B, antepartum versus intrapartum selective screening for (Iams and O'Shaughnessy), 153
- Streptococci, group B, puerperal and perinatal infections with (Pass, Gray, and Dillon), 147
- Stress test, contraction, versus nonstress test for primary surveillance, II. Prospective multi-institutional study of antepartum fetal heart rate monitoring (Freeman, Anderson, and Dorchester), 778
- Subunit, beta, of human chorionic gonadotropin, follicle-stimulating hormone, estradiol, cortisol, testosterone, and luteinizing hormone-human chorionic gonadotropin, concentrations of, in cord sera and their correlations (Furuhashi et al.), 918
- Sulpiride, effect of, on poor puerperal lactation (Aono et al.), 927
- Surgery, gynecologic, prolonged postoperative apnea complicating: atypical cholinesterase and myasthenia gravis (Maharry and Sack), 36
- Surgical treatment, primary, in one hundred ninety-five cases of Stage IB carcinoma of cervix (Allen, Nisker, and Anderson), 581
- unit, freestanding ambulatory: success or failure (Wolff and Dunihoo), 270
- Surgically menopausal women, effect of conjugated estrogens on vaginal blood flow in (Abrams et al.), 375
- Survival, influence of place of birth on, I. Very low-birth weight infant (Cordero, Backes, and Zupan), 533
- neonatal, measurement of visual evoked potential in asphyctic fetus and during (Woods et al.), 944
- of very low-birth weight infants, effect of physicians' perceptions of viability on: variability of viability (Goldenberg et al.), 678
- Syndrome, chronic anovulation, and pituitary adenomas, association between (Coulam, Annegers, and Kranz), 319
- iatrogenic neonatal respiratory distress, prevention of: elective repeat cesarean section and spontaneous labor (Bowers, MacDonald, and Shapiro), 186
- pituitary apoplexy-like, and amenorrhea-galactorrhea, intrasphenoidal arachnoidocele with (Valenta and Elias), 477 (Comm. in brief)
- postpartum toxic shock (Bracero and Bowe), 478 (Comm. in brief)
- toxic shock, and tampon use, survey of, Tennessee, 1979 to 1981 (Gustafson et al.), 369

T

- Tamoxifen, medroxyprogesterone acetate, and their combination, effects of, on human endometrial estrogen and progesterone receptor concentrations, 17 β -hydroxysteroid dehydrogenase activity, and serum hormone concentrations (Kokko et al.), 382
- Tampon use and toxic shock syndrome, survey of, Tennessee, 1979 to 1981 (Gustafson et al.), 369
- Temperature(s), maternal, during labor, determinants of (Goodlin and Chapin), 97
- of pigtailed macaques (*Macaca nemestrina*), monitoring, during pregnancy and parturition (Ruppenthal and Goodlin), 971 (Comm. in brief)
- Tennessee, 1979 to 1981, survey of tampon use and toxic shock syndrome (Gustafson et al.), 369
- Teratoma, benign intracranial—prenatal diagnosis influencing early delivery (Paes et al.), 600 (Comm. in brief)
- Terbutaline use, parenteral, cerebral ischemia associated with, in pregnant migraine patients (Rosene, Featherstone, and Benedetti), 405
- Test, acetic acid, examination of cervix with naked eye using (Ottaviano and La Torre), 139
- contraction stress, versus nonstress test for primary surveillance, II. Prospective multi-institutional study of antepartum fetal heart rate monitoring (Freeman, Anderson, and Dorchester), 778
- enzyme-linked antiglobulin, for Rh immune globulin recipients, assessment of fetal-maternal hemorrhage by (Ness), 788
- intravenous glucose tolerance, possible usefulness of: identifying pregnancy at risk for intrauterine growth retardation (Sokol et al.), 220
- oral glucose tolerance, in pregnancy, effect of dietary fiber on (Gabbet et al.), 514
- results, antepartum fetal heart rate, risk of perinatal mortality and morbidity according to, I. Prospective multi-institutional study of antepartum fetal heart rate monitoring (Freeman, Anderson, and Dorchester), 771

- Testosterone, luteinizing hormone-human chorionic gonadotropin, beta subunit of human chorionic gonadotropin, follicle-stimulating hormone, estradiol, and cortisol, concentrations of, in cord sera and their correlations (Furuhashi et al.), 918
- Thrombosis, postoperative venous, and oral contraceptives (DeStefano et al.), 227 (Comm. in brief)
- Thymidine labeling, estrogen-progestin pharmacodynamics of postmenopausal endometrium studied by (Friedrich and Meyer), 352
- Thyroid function in patients with hyperemesis gravidarum (Bouillon et al.), 922
- Tissue pH changes, fetal heart rate and, associated with repetitive aortic occlusion in pregnant dog (Abitbol), 430
- Tocolytic agent fenoterol, effects of, on body weight, urine excretion, blood hematocrit, hemoglobin, serum protein, and electrolyte levels in nonpregnant rabbits (Grospietsch et al.), 667
- Topically applied *trans*-retinoic acid, evaluation of, in treatment of cervical intraepithelial lesions (Surwit et al.), 821
- Toxemia of pregnancy, elevated serum iron in (Entman et al.), 398
- Toxic shock syndrome, postpartum (Bracero and Bowe), 478 (Comm. in brief)
- and tampon use, survey of, Tennessee, 1979 to 1981 (Gustafson et al.), 369
- Training, marathon, effect of, upon menstrual function (Shangold and Levine), 862
- Transabdominal cervicoisthmus cerclage for management of repetitive abortion and premature delivery (Novy), 44
- Transactions, forty-eighth annual meeting, Pacific Coast Obstetrical and Gynecological Society, 1-112
- forty-ninth annual meeting, The Central Association of Obstetricians and Gynecologists, 239-367
- Transfusion, midtrimester intrauterine exchange, of fetus (MacKenzie et al.), 555
- Triglycerides and plasma proteins, effects of percutaneous estradiol and conjugated estrogens on level of, in postmenopausal women (Elkik et al.), 888
- Trophoblastic disease(s), malignant gestational, skin metastases from: report of two cases (Ertugalp et al.), 843 (Comm. in brief)
- possible new markers in (Inaba et al.), 973 (Comm. in brief)
- Tubal coagulation, laparoscopic; endosalpingosis ("endosalpingoblastosis") following, as etiologic factor of ectopic pregnancy (McCausland), 12
- microsurgical procedures, ovulatory function after, in rabbit (Verhoeven, Lotr, and Reichman), 835
- sterilization, mortality risk associated with, in United States hospitals (Peterson et al.), 125
- Tumor(s)-bearing myometrium and leiomyomas, unconjugated steroids in (Otubu et al.), 130
- gynecologic, percutaneous lymph node aspiration in patients with (Ewing et al.), 824
- marker, is pregnancy-associated plasma protein A (Bischof et al.), 379
- Tumor, metastatic Sertoli-Leydig cell, of ovary during pregnancy treated by BV-CAP chemotherapy (Pride, Pollock, and Norgard), 231 (Comm. in brief)
- Twins, premature, effect of type of delivery upon neonatal outcome in (Barrett et al.), 360

U

- Ultrasonic placental grading and fetal pulmonary maturation, correlation of, in five hundred sixty-three pregnancies (Harman et al.), 941
- Ultrasonography, dynamic image, longitudinal studies of fetal growth with use of (Deter et al.), 545
- Ultrasound and amniotic fluid determinations, using, to diagnose intrauterine growth retardation before birth: clinical model (Gross et al.), 265
- detector systems, two fetal heart rate, comparison of (Lawson, Dawes, and Redman), 840 (Comm. in brief)
- diagnosis, antenatal, of holoprosencephaly: case report (Blackwell et al.), 848
- measurements, equations for computer calculation of gestational age from: fetal femur length (Hohler and Quetel), 479
- Umbilical cord laceration, antenatal sonographic diagnosis of (Romero et al.), 719 (Comm. in brief)
- United States hospitals, mortality risk associated with tubal sterilization in (Peterson et al.), 125
- Urachus, patent, complicating pregnancy: review and report of case (Nielsen et al.), 61
- Urban area, helicopter transportation of patients with obstetric emergencies in (Elliott, O'Keefe, and Freeman), 157
- Ureteral calculus, distal, cessation of premature labor following removal of (Broaddus et al.), 846 (Comm. in brief)
- obstruction caused by endometriosis, recurrence of, after danazol therapy (Pittaway et al.), 720 (Comm. in brief)
- Urine excretion, blood hematocrit, hemoglobin, serum protein, electrolyte levels, and body weight, effects of tocolytic agent fenoterol on, in nonpregnant rabbits (Grospietsch et al.), 667
- Uterine duplication, pelvic mass in late-pregnancy sonography of: report of two cases (Kutcher and Yee), 603 (Comm. in brief)
- evacuation, randomized trial of one versus two days of laminaria treatment prior to late midtrimester abortion by: pilot study (Stubblefield, Altman, and Goldstein), 481 (Comm. in brief)
- fibroid with necrosis, infarction of accessory spleen presenting as (Boerlum), 975 (Comm. in brief)
- Uterosacral ligaments, latency of herpes simplex virus in (Kitchener, Cordiner, and Eglin), 839 (Comm. in brief)
- Uterus communicans septus, cervix duplex, and vagina septa unilateralis atretica: previously unreported genital malformation (Toaff and Velez), 965 (Comm. in brief)
- pregnant and postpartum involving, protease and protease inhibitory activity in (Milwidsky et al.), 906

V

- Vaccination, rabies, in pregnancy (Varner, McGuinness, and Galask), 717 (Comm. in brief)
- Vacuum aspiration in midtrimester pregnancy, synthetic laminaria for cervical dilatation prior to (Brenner and Zuspan), 475 (Comm. in brief)
- Vagina septa unilateralis atretica, uterus communicans septus, and cervix duplex: previously unreported genital malformation (Toaff and Velez), 965 (Comm. in brief)
- Vaginal atresia, secondary: case report (Rüttgers, Leucht, and Kubli), 595 (Comm. in brief)
- blood flow, effect of conjugated estrogens on, in surgically menopausal women (Abrams et al.), 375
- carcinoma in situ, treatment of, with carbon dioxide laser (Townsend et al.), 565
- hysterectomy, adnexal abscess as delayed complication of (Livengood and Addison), 596 (Comm. in brief)
- (intra-) prolapse of fallopian tube following vaginal hysterectomy (Bilodeau), 970 (Comm. in brief)
- Vascular headache in pregnancy (Weinberger and Lauersen), 842 (Comm. in brief)
- Vasoactive intestinal polypeptide and female genital tract: relationship to reproductive phase and delivery (Ottesen et al.), 414
- Vasopressin infusion, internal iliac artery, for postpartum hemorrhage (Sacks, Palestrant, and Cohen), 601 (Comm. in brief)
- secretion induced by hypoxia in sheep: developmental changes and relationship to β -endorphin release (Stark et al.), 204
- Venous thrombosis, postoperative, and oral contraceptives (DeStefano et al.), 227 (Comm. in brief)
- Ventricular dynamics, left, of fetal and neonatal heart, comparison of, III. Biophysics of developing heart (Anderson et al.), 195
- Very low-birth weight infant(s), effect of physicians' perceptions of viability on survival of: variability of viability (Goldenberg et al.), 678
- I. Influence of place of birth on survival (Cordero, Backes, and Zuspan), 533
- prognostic significance of postnatal growth in (Hack et al.), 693
- Viability, variability of: effect of physicians' perceptions of viability on survival of very low-birth weight infants (Goldenberg et al.), 678
- Viral association, clinical, histologic, and electron microscopic study with particular reference to: early invasive and in situ warty carcinoma of vulva (Rastkar et al.), 814
- Virulence, histologic correlates of, in ovarian adenocarcinoma. I. Effect of differentiation (Jacobs et al.), 574
- Virus, herpes simplex, latency of, in uterosacral ligaments (Kitchener, Cordiner, and Eglin), 839 (Comm. in brief)
- infection, recurrent genital herpes simplex, in pregnancy: infant outcome and frequency of asymptomatic recurrences (Vontver et al.), 75

Virus—Cont'd

- type 2 antigens, herpes simplex, expression of, in premalignant and malignant human vulvar cells (Cabral et al.), 611
- Visual evoked potential, measurement of, in asphyctic fetus and during neonatal survival (Woods et al.), 944
- Vulva, carcinoma of: analysis of treatment failures (Podratz, Symmonds, and Taylor), 340
 - in Israel, some epidemiologic aspects of (Menczer et al.), 893
 - early invasive and in situ warty carcinoma of: clinical, histologic, and electron microscopic study with particular reference to viral association (Rastkar et al.), 814
- Vulvar cells, premalignant and malignant human, expression of herpes simplex virus type 2 antigens in (Cabral et al.), 611

W

- Warty carcinoma, early invasive and in situ, of vulva: clinical, histologic, and electron microscopic study with particular reference to viral association (Rastkar et al.), 814

Weight, body, urine excretion, blood hematocrit, hemoglobin, serum protein, and electrolyte levels, effects of tocolytic agent fenoterol on, in nonpregnant rabbits (Grospietsch et al.), 667

Womb, fruit of (ka hua o'o ka pu'ao) (McCorriston), 1

"Wrongful life" and prenatal screening: medicine's new "Catch-22" (Marsh), 745

X

X-ray pelvimetry, efficacy of (Barton, Garbaciak, and Ryan), 304

Z

Zinc and inorganic phosphorus concentrations in amniotic fluid: correlation with intra-amniotic infection and bacterial inhibitory activity (Gibbs, Blanco, and Hnilica), 163
